West Virginia State Treasurer’s Office
Cash Management Division
Quick Reference Guide
For
Training manuals are available on the wvOASIS website, www.wvoasis.gov. Please utilize these resources to assist you with document entry in wvOASIS.

**Making Deposits**

1. FIMS deposits are now wvOASIS Cash Receipt (CR) documents.
2. **ALL** deposit location numbers will remain the same.
3. A printed coversheet is required when taking deposits to the State Treasurer’s Office (STO) vault and can be printed within wvOASIS. See Exhibit A for instructions on printing a Cash Receipt coversheet. Exhibit B includes a sample coversheet.
4. Cash Receipts in wvOASIS will be considered Final after being approved by the Treasurer’s Office. Cash Receipts do not require an approval from the Auditor’s Office (AO). Cash balances will be impacted once the Cash Receipt is Final.
5. Deposit ticket numbers are to be entered in the sequence field of the Cash Receipt document.
6. Deposits without a deposit ticket, such as ACH and wire, also require a Sequence Number. You may not use “0000” as the Sequence Number in wvOASIS. Please enter the date as the Sequence Number using the following format: MMDDYY.
7. Separate deposit tickets for MasterCard, Visa, and Discover are no longer needed. One deposit ticket can be used to combine MasterCard, Visa, and Discover transactions per day. The deposit date and card type will be used for the Sequence Number. For MasterCard, Visa, and Discover deposits please use card type “0”. The sequence number should be formatted as: MMDDYY0.
8. A separate deposit will need to be entered for American Express (Amex) credit card transactions per day. The deposit sequence number will be a combination of the deposit date and card type. Please use card type “1” for Amex Cash Receipts. The sequence number should be formatted as: MMDDYY1.
9. Duplicate deposit ticket warning info: Cash Receipts in wvOASIS will populate deposit and reconciliation tables during a nightly cycle. For this reason, the system will generate “informational messages” for Cash Receipts. These messages will appear if a CR appears to have a duplicate Sequence Number or if a deposit ticket number has already been used. Given that the deposit date is used as the Sequence Number for several Deposit Locations, users may see these messages frequently. These are only informational messages and will not prevent the Cash Receipt from being approved and posting to cash balances. Users will have the capability of using duplicate ticket numbers.
10. If a Cash Receipt in the Final stage is determined to be incorrect, the agency should enter a fund transfer, additional Cash Receipt, or negative Cash Receipt to correct the document. If you need assistance with a Cash Receipt that cannot be modified using any of these options, please contact the STO Cash Accounting Division at cashaccounting@wvsto.com.
11. Once an agency user has Validated and Submitted a Cash Receipt it has to be approved by an Agency Manager before it is work flowed to the STO. Certain Deposit Locations are exempt from Agency Manager approval. Those locations are 00577, 00578, 00579.

**ACH Receipts**

1. When notified of an ACH receipt, enter a Cash Receipt document in wvOASIS, email the Document ID number to ACHRReceipts@wvsto.com.
2. Enter the notification date as the ‘Bank Deposit Date’ on the Cash Receipt document.
ACH Origination

1. Payment request files sent to the EFT group of the WVSTO by email or FTP (file transfer protocol) site, not interfaced to wvOASIS, will continue to be done as they were before wvOASIS was implemented. Please continue emailing the EFTGroup@wvsto.com with the required wvOASIS document ID number as has been done with FIMS ID numbers in the past.

2. Reversal forms are still required and can be found on the STO’s website, www.wvsto.com, as well as www.wvsao.gov. Please note this form has been updated for wvOASIS use, prior versions of the form will not be accepted. Forms and wvOASIS document entries must be received by noon each day for same day processing.

3. Pull-off forms will no longer be submitted to the State Auditor’s Office. Forms must be faxed, 304-340-1509, or emailed, eftgroup@wvsto.com, to the STO by noon each day for same day processing. Please note this form has been updated for wvOASIS use, prior versions of the form will not be accepted.

Wire Receipts

1. When notified of a wire receipt, enter a Cash Receipt document in wvOASIS and email the document number to participantaccountinggroup@wvsto.com.

2. Continue to notify Participant Accounting, by email, of expected incoming wires.

Wire Disbursement

1. The disbursement format MUST be set to “WIRE” when entering a WIRE document.

2. The recur numbers already assigned to repetitive wires will continue to be used. Contact Participant Accounting if a new recur number is needed.

3. The Non-Repetitive wire form is still necessary for wires without a recur number. Contact Participant Accounting for a copy of the form.

4. Continue to notify Participant Accounting, by email, of pending outgoing wires. Notification should be made no later than 10:30 a.m. the day the wire is to be sent.

TOPS/e-Government

1. Please refer to the TOPS website and Accounts Payable training manual for instructions regarding Stop Payment requests, Undeliverable checks, and Forgery submissions.

2. Agencies that utilize the e-Government system will continue to do so in the same manner.

Investment Processing

1. The 10:00 a.m. deadline for Investment Request and Withdrawal documents to be approved to the STO will continue.

2. Pools are now represented as balance sheet accounts (BSA) on the investment documents:
   a. WV Money Market 108a
   b. WV Government Money Market 108b
   c. WV Short Term Bond 108c
   d. Participant Directed 108d
   e. Investment Management Board 108j

3. Investment account numbers are now entered as a Sub-Balance Sheet account (SBSA.) Use the last four digits of the eight-digit investment account number.

4. Continue to contact Participant Account to request a new investment account. The required form will be supplied at the time of the request.

5. Continue to use iPAS to access investment account statements.
1. After creating the Cash Receipt (CR) document (doesn’t have to be approved), click the print button shown below.

2. Change the Print Output Type to “PDF”. The Print Job should be “Cash Receipt (PDF Format) and the Print Resource should be “NEW_CR_FORM_PDF”.
3. Check the box next to View Forms.
4. Click Print.
5. The message at the top of the document should now say “Document print job was successfully submitted”.

6. Close the document or click Home.

7. On the Secondary Navigation panel, click Message Center, then Forms. If there are several documents listed, then you may need to do a search (Browse) to find it. A document search can be done using Doc Code, Doc Dept, Document ID, or Description, as shown below. Click on the “View PDF” hyperlink to view the form (coversheet). An example of the coversheet is displayed in Exhibit B.
